INSTRUCTIONS FOR THE MEDICAL EXAMINATION

The date of your visa interview appointment is indicated in the letter that you received from the National Visa Center or from the U.S. Consulate General in Ciudad Juarez. Please be aware that it is your responsibility to complete the medical examination with one of the authorized medical clinics before the interview date. We suggest that you make arrangements for your medical examination at least two days prior to your appointment date. Complete details about medical exams can be found at <https://travel.state.gov/content/visas/en/immigrate/immigrant-process/interview/prepare/medical-examination.html>

Each applicant, regardless of age, must have a medical examination. The only medical offices authorized to perform medical examinations on behalf of this Consulate are:

Visa applicants are received between 6:00 a.m. and 11:00 a.m. Monday through Friday. No appointment is necessary. Medical offices are located near the Consulate.

NOTE: Applicants residing in the **State of Mexico and Mexico City** must go to the following authorized clinic for their medical examinations:

MEDICOS ESPECIALIZADOS INTERNACIONALES
Hamburgo 206, **2nd Floor**,
Colonia Juárez, Delegación Cuauhtémoc,
Mexico City **06600**
Tel. (55)2624-0630 and (55)5207-3794 ext. 101
www.mei-mexico.com

Applicants may make appointments or request information by phone from 9 a.m. to 1:30 p.m., and from 2:30 p.m. to 4:30 p.m. The medical clinic in Mexico City will receive visa applicants for appointments from 7:30 a.m. to noon, Monday through Friday.

Each applicant must present the visa appointment letter and a passport at the time of medical appointment. If you suffer from a chronic illness, have been treated for any venereal disease, or are under psychiatric care, the doctor recommends that you bring your medical file or have it forwarded to the doctor prior to your medical examination. It is not necessary to bring a photo for your medical exam.

Applicants who show signs or symptoms of tuberculosis or who are HIV/AIDS positive must complete a further medical process in order to comply with the regulations of the Centers for Disease Control (CDC). This process is designed to detect and treat tuberculosis in order to reduce the risk of spreading tuberculosis within the population of the United States. It may take between three and six months before the clinic will be able to complete the final medical exam for these applicants.

Applicants between the ages of two and fourteen must undergo the medical examination at least four business days prior to the scheduled appointment at the Consulate. Failure to do so may result in processing delays or rescheduling of the appointment. It is also recommended that children within this age range not receive immunizations within four weeks prior to the medical examination.

As directed by the Centers for Disease Control and Prevention of the United States of America, beginning on October 1, 2016 all immigrant visa applicants age 15 and older must provide a urine sample for gonorrhea screening.

All clinics charge the following fees for the examination:

- A. Applicants ages 15 and over: USD \$220.00
- B. Applicants younger than 15: USD \$135.00
- C. A 16% tax (I.V.A.) must be added to the cost of the medical exam for all applicants.

Cash or credit cards (Visa or MasterCard) are the only forms of payment accepted.

NOTE: The medical examination fee includes the complete medical examination and any required supplemental examinations. However, DNA testing requires additional payment. The vaccination fee is separate from the cost of your required medical examination.

*Please present your appointment letter to the receptionist at the entrance of the clinic. You must have your complete set of documents with you.

*Fiancé (e) visa applicants must present the letter confirming the visa interview appointment.
